SAIRAJ UNDE

Phone: +91 9137751268 | **Email:** unde.sairaj.ai033@gmail.com | **Location:** Airoli, Navi Mumbai

CAREER OBJECTIVE

Motivated and detail-oriented Artificial Intelligence & Data Science graduate seeking opportunities to apply analytical, programming, and problem-solving skills in real-world projects. Passionate about AI-driven solutions with a strong interest in software development, data analytics, and emerging technologies.

EDUCATION

B.E. in Artificial Intelligence & Data Science — **Passing Year: 2026**

Datta Meghe College of Engineering, Airoli – Mumbai University — ***CGPA: 7.12 (Up to 7th Semester)***

TECHNICAL SKILLS

Programming: Python, Java

Web Technologies: HTML, Basic JavaScript

Data Analytics: Power BI

Core Competencies: Problem solving, Data handling, Basic ML concepts

INTERNSHIPS & TRAINING

AI / Data Analytics Intern — **1 Month**

Imarticus Learning

- Gained hands-on exposure to analytics tools and basic machine learning workflows.
- Worked on practical assignments related to data visualization and model understanding.

Virtual Simulation Internship — **1 Day**

Tata Group

- Participated in simulation-based training focused on real-world industrial problem-solving.
- Gained an understanding of corporate workflows and scenario-based decision-making.

CERTIFICATIONS & COURSES

Power BI Certification Course — **July 2025**

Skill nATION

- Completed comprehensive training in business intelligence workflows, data handling, and transformation techniques.
- Built interactive dashboards to visualize key metrics and analyze structural data properties.

PROJECTS

Zero Trust Network Access (ZTNA) – Major Project

- Designed and implemented a secure ZTNA framework focusing on identity-based access control.
- Enhanced network security by ensuring users are continuously authenticated before granting access to resources.

Tech Stack: **Python, Networking, Security, Access Control**

RFID-Based Attendance System

- Developed an automated attendance system using RFID tags to replace traditional manual entry methods.
- Improved tracking accuracy, reduced processing time, and stored logs securely for real-time validation.

Tech Stack: **RFID Module, Embedded System Logic, Database Handling**

LEADERSHIP & ACTIVITIES

Sports Lead / Captain **2024 — 2025**

Department of AI & DS (SHAIDS Committee)

- Served as the Sports Lead for the SHAIDS committee. Appointed as the Department Team Captain for Cricket, Kabaddi, and Football for 3 consecutive years, managing teams during inter-department tournaments.

Sports Secretary & Event Head **2024 — 2025**

Student Council & Cultural Operations

- Coordinated logistics, team tasks, and scheduling for multiple college-level events. Successfully managed the *Technitude 2024* games, served as Event Lead and Co-Event Head for the *Milestone 2025* box cricket event, and oversaw execution for *Garja Maharashtra Mazha 2025*.

Event Management Head **2 Years Active**

Marathi Vangmay Mandal (MVM)

- Managed end-to-end event operations, team responsibilities, and logistics for cultural programs, ensuring smooth execution across all events.

ATHLETIC ACHIEVEMENTS

- **Kabaddi Team Captain:** Achieved Winner position for 1 year and secured Runner-Up position for 3 consecutive years in the annual sports tournaments.
- **Overarm Cricket Captain:** Led the department team to the Runner-Up spot during the second-year sports event.

HOBBIES

Traveling, Sports, Fitness, Exploring new technologies
